

Curriculum Vitae

Hannah Shin

Hanna Shin is a South Korean artist internationally living and working between Seoul, Jakarta, and London. Her works have been selected for various venues including SK Hynix Korea, Bo-moon Ui-sinseoul subway station, Travers Smith Law firm London. And owned by Soho House New York, Rosenfeld Gallery London and private collections in London, Singapore, Seoul, Jakarta. Born in Seoul, Hannah Shin brings to her work an acute awareness of the tradition of oriental mark-making but in a very contemporary guise. Inspired by the cardinal importance of light, her paintings combine a highly confident use of line, colour, and balance to convey sense of vibrancy and energy as we are drawn into their layered surfaces.
